# THE YOUTH EMPLOYMENT SERVICES (YES) PROGRAMME

More than one in every three young people in South Africa are unemployed. The Youth Employment Service (YES) Initiative is the product of the private sector engaging with government to find workable solutions to this youth unemployment dilemma across private and public sectors. Furthermore, businesses can also use YES to enhance their BEE levels while offering job opportunities to unemployed youth.

'As a private sector led initiative, we address the country's youth unemployment crisis by empowering businesses to create jobs for our unemployed youth. We're youth-focused and business-led' said YES.

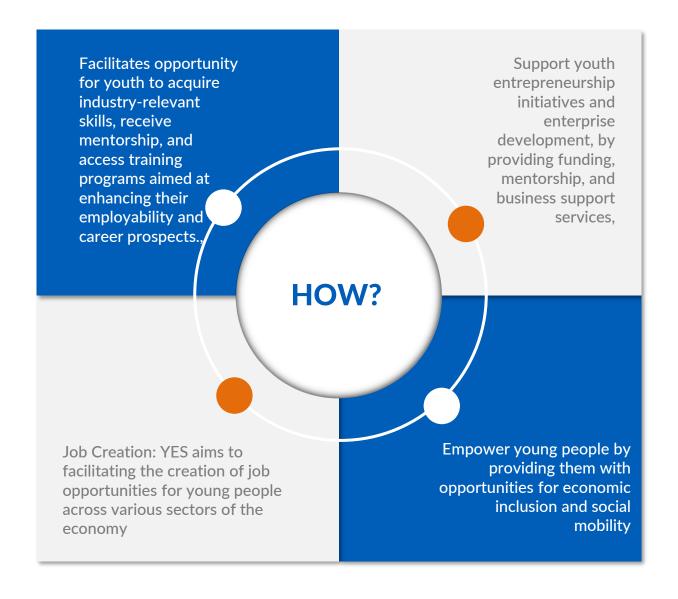

### **YES Mission & Vision**

- YES sole focus is to provide meaningful, quality work experience for 12-months to previously unemployed youth.
- Through YES, youth can have the opportunity to become productive contributors in our economy, develop their skills, gain workplace experience, and become more employable,
- Employment can also spur entrepreneurship and innovation as individuals identify gaps in the market and create new businesses to meet demand. YES creates a platform for young people to showcase their entrepreneurial abilities

### **YES STRATEGY**

YES prioritizes youth employment and implementing targeted interventions that can harness the potential of South African young people to drive economic growth and social development:

# INCORPORATING YES INTO B-BBEE STRATEGIES

The YES B-BBEE Level Up Benefit is an element that sits outside of the B-BBEE scorecard, however, participation in YES and reward of the BEE level enhancement(s) is dependent on points on the scorecard. In other words, your business needs to be compliant on the B-BBEE scorecard and meet certain sub-minimums to change lives and benefit from the initiative.

### YES TARGET CALCULATION FOR B-BBEE RECOGNITION

### **GENERIC ENTITIES CALCULATIONS**

### **EME AND QSE CALCULATIONS**

- 1.5% of the YES entity's previous year headcount
- 1.5% of the YES entity's average NPAT for the last 3 years/R55 000
- Use the Generic table to check the number allocation per the YES entity's previous revenue

 Use the EME/QSE table to check the number allocation per the entity's headcount number

### **BEE RECOGNITION**

- Achieve targets and 2.5% absorption = Move up 1 level up
- Levels Achieve 1.5 targets and 5% absorption = Move up 1 level + 3 bonus
- Achieve double targets and 5% absorption = Move up 2 Levels

### **YES ENTITIES 12-MONTH JOURNEY**

Phase 1 Phase 2 Phase 3 Phase 4

TRAINING AND MODELLING

RECRUITMENT AND HOSTING

WORK READINESS AND PLACEMENTS MONITORING AND EVALUATION OFF-BOARDING AND ABSORPTION

Phase 5

**PHASE** 

### TRAINING AND MODELLING

The YES programme is a critical part of the business and requires management to understand the impact, benefits and risks that come with the programme. It is therefore critical for the senior management team and the BEE team to be trained on how the programme works so as to get maximum benefit.

The modelling process assists the business in understanding how many YES candidates are required as per the specified DTI criterion.

PHASE 2

PHASE 3

### **RECRUITMENT AND HOSTING**

The business needs to identify additional jobs in the system. These would be considered first before looking at external hosting. Once this has been established and the business is ready to implement, the recruitment process to find suitable YFS candidates will be started.

Recruitments is be done for both external and internal placements

### **WORK READINESS AND PLACEMENTS**

Through the work readiness models, training will be conducted for the candidates.

Host employers will form part of the hosting training so as to realize a smooth 12-month programme.

PHASE 4

# MONITORING AND EVALUATION

Businesses are required to monitor the performance of the candidate to ensure that real work experience is taking place

Depending on the client requirements, monthly and or quarterly reports will be provided. These reports would take the form of a checklist and other best practice tools.

A summarized annual report will also be provided at the end of the programme.

PHASE 5

# OFF-BOARDING AND ABSORPTION

The YES programme requires businesses to absorb some of the candidates at the end of the programme. The absorption of some the candidates is critical and this would be done by the YES measures entity or by the hosting companies, depending on the requirements.

# YES IMPACT

2024 YES Impact Report

### YES OVERALL IMPACT

YES is featured on this report and the following is what they had to say about the programme's impact to date:

YES is a critical component of the long-term solution for South Africa's youth unemployment. By creating jobs that upskill youth, encourage greater levels of entrepreneurship, and/or forge a longstanding career-path, we are creating a multiplier effect, where one job can create ten more.

"YES accounts for 97% of the permanent jobs created through the combined NPMN partners in the PYEI since Q1 2021"...

# YES OVERALL IMPACT TO DATE

147 000+ Youth jobs created since 2019

1 668+ Corporate Partners workplace

R 8.1 Billion+ paid in youth salaries through private sector

45% of YES youth are currently employed

For business, YES is a key pipeline through which you can select, develop and de-risk undiscovered, standout talent, previously locked out of the economy. 'We provide businesses with a route to sustainability and long-term value' stated. Businesses can improve their B-BBEE scorecard by up to two levels while affecting broad-based transformation.

Beyond B-BBEE, many businesses are also integrating YES into their environmental, social and governance (ESG) strategies to have a meaningful and measurable impact on communities and the environment.

The Presidency reported in February 2024 that YES accounts for 97% of the permanent jobs created through the combined NPMN partners in the PYEI since Q1 2021. YES jobs from Q1-Q3 FY 24 accounted for 83% of all demand-side jobs in the PYEI.YES is a national movement of over 1,700+ companies tackling the unemployment crisis.

# A SWEET STORY: YOUTH TESTIMONIALS

### Cynthia Khuboni

Transcend Corporate Advisors, 2021

I joined Transcend in March 2021 through the YES programme and I joined Transcend as a Junior Consultant, but I was recently promoted to a Consultant. Through the YES programme I have:

- Had a coach that assisted with my career growth
- Had the honour to work with a director that had my best interests at heart by pushing me to be the better and helped me achieve my developmental goals
- Been trusted with a portfolio of clients and encouraged to take ownership and manage clients
- Been moulded to be a resilient, confident and a better consultant

It all started with the YES programme and for that I am eternally grateful

Lillian Muavha AT Kearney, 2022

I remember the first time I received my stipend; I was over the moon. It brought so much relief into my life and I felt so much gratitude knowing that I will have financial security. The programme offered a lot of online materials through the YES apps which provided me with valuable knowledge around workplace etiquette, good mannerism and business skills. As I would say in our colloquial language 'YES4Youth really pulled me through' I drew motivation and inspiration in my own story as I completed the programme to take up space and explore opportunities that came my way.

# A SWEET STORY: YOUTH TESTIMONIALS

### Lungisani Maduma

Transcend Corporate Advisors, YES 2020

Before joining YES, I was unsure about my career goals and how to achieve them despite having completed my education. Through Yes4Youth, I was placed in a reputable company in my field of interest – which assisted me to gain hands-on experience and practical knowledge that I couldn't have acquired in a classroom. The support from my mentors was exceptional; they guided me through challenges, provided constructive feedback, and aided me to grow both personally and professionally. I gained valuable insights which opened doors for me to further career opportunities. I am grateful for the opportunities and support that Yes4Youth has provided me on my journey to success."

### Kedibone Kgatla

Nihilent Limited, 2022

In October 2022, I joined the YES Programme with Nihilent through the Kliptown Youth Program (KYP). At Ibhongo Secondary School, I learned office administration and grade 12 exam preparation. As the principal's personal assistant, I gained experience in district presentations, interview scribing, and finance support, while developing leadership skills by overseeing teacher assistants. Thanks to Transcend and Nihilent, this opportunity has greatly enriched my life.

# A SWEET STORY: YOUTH TESTIMONIALS

**Lona Jakalase** 

Mastercard Southern Africa, 2022

I joined the YES programme under Mastercard, and I was placed as a finance analyst in Finance department. The opportunity was a life changing experience which helped me gain the necessary knowledge and skills. 3 months after being on a YES programme, I was offered a permanent opportunity in a Global company as a Project Financial Analyst, which I believe was a consequent result of my experience with Mastercard. To all young people, I encourage you to apply for this opportunity and ensure that you work hard and stay the course. Remember that every opportunity that is granted will play a crucial role in your life and assist you with your future career aspiration. So, make it work!!

**Vusi Mayise** 

Baker & McKenzie, 2023

The YES program played a crucial role in my journey as a driver. Despite Zulu Driving not actively hiring at the time, they welcomed me with external sponsorship for my salary. Initially hesitant, this decision proved to be immensely beneficial. I gained valuable driving experience and expanded my professional network. Notably, the company allowed me to use the vehicle for Uber, which sparked the idea to establish my own agency. The program's modules also inspired me to pursue entrepreneurship. While I initially hesitated to act on my vision, witnessing others successfully turn their ideas into thriving businesses motivated me. The experience was both challenging and rewarding, and I am thankful to Zulu Driving and especially the YES program for giving me the opportunity to learn, grow, and turn my vision into a reality..

### **Shernon Davis**

Director & YES Executive

I am privileged to be part of a company and team that is truly passionate about transforming the lives of South Africans. Our youth face numerous challenges in today's South Africa, and it is with great pride that we can change mindsets, challenge norms, and contribute significantly to their success. It is remarkable to witness the growth of the YES learners and the invaluable contributions they make to our clients.

### Elsie Masemola

Consultant & YES Manager

Through the YES programme, over 451 youth have been provided with a platform to learn and develop new skills to become more employable. Most of the youth we have come cross since the inception of YES were from disadvantaged backgrounds, and being afforded access to employment opportunities also meant that they could improve their living standards and break the cycle of poverty. I am truly honoured to have been part of this game changing movement!

### Kashmira Moonipersadh

YES Junior Consultant & Administrator

The Youth Employment Services (YES) Programme is a valuable initiative designed to help young people gain employment, skills, work experience, and career guidance. By providing hands on work experience, the YES Program bridges the gap between education and employment, making youth more attractive to potential employers. Transcend has played a huge role in transformation for the unemployed youth in our country.
